

Managing **cash** in society.

**SafePoint**  
CASH MADE SIMPLE

**There's a SafePoint solution perfect for your business!**

**SafePoint takes the hard work out of counting, sorting and banking takings.** It's based on unique technologies and strong partnerships with industry leaders – and backed by the Loomis guarantee of clarity, reliability & trust.

# D18

The SafePoint D18 is a midsize smartsafe option, available as part of the SafePoint subscription service - a comprehensive package of product and services which covers all your cash handling needs and will significantly reduce the time, labour and cost it takes to manage your business.

With a capacity of 1,800 notes and processing of 60 notes per minute the D18 represents an ideal choice for small to mid-sized businesses and forms an integral part of a complete back office cash deposit solution.

From delivery and installation to onsite personnel training, service and maintenance, Loomis will create the right solution for you today, then help you change and develop it as your business grows.
